Pasadena Villa receives deficiency-free annual survey

ORLANDO, June 14, 2007 – Pasadena Villa, a premier adult Residential Treatment Facility licensed by the Florida Agency for Healthcare Administration (AHCA), received an annual licensure survey free of any deficiencies during its most recent inspection, which occurred on May 30, 2007. This is the third consecutive ACHA licensure survey in which Pasadena Villa was found to be in full compliance and without deficiencies.

“Because Pasadena Villa is first and foremost committed to the provision of the highest quality of services possible, we are extremely pleased with the recent AHCA findings”, states David Nissen, MBA, FACHE, Managing Director of Pasadena Villa. “For the third consecutive year, our staff and program have excelled during the inspection process,” Mr. Nissen added.

George Kachmarik, LMHC, Clinical Director of Pasadena Villa, states that “these findings help assure our clients, as well as their families and referents, that the quality of care provided at Pasadena Villa is consistently at the highest levels. That superb quality has once again been independently verified by our state licensing agency.

“For more information regarding Pasadena Villa, contact David Nissen at (407) 246-0887, or visit the website at www.pasadenavilla.com.

Pasadena Villa is licensed with the Florida Agency for Healthcare Administration as a Level II Residential Treatment Facility. Pasadena Villa implements a very unique social integration model, in conjunction with traditional therapies. Serving clients nationwide, the program works with adults suffering from a variety of conditions, including schizophrenia, schizoaffective disorder, bipolar disorder, anxiety disorder, depression, and co-occurring conditions, including substance abuse and Asperger’s Syndrome.
